Filing Date Granted

The U.S. Patent and Trademark Office has received your reply on 07/13/2004 to the Notice to File Missing Parts (Notice) mailed 06/08/2004 and it has been entered into the nonprovisional application. The reply, however, does not include the following items required in the Notice.

The period of reply remains as set forth in the Notice. You may, however, obtain EXTENSIONS OF TIME under the provisions of 37 CFR 1.136 (a) accompanied by the appropriate fee (37 CFR 1.17(a)).

A complete reply must be timely filed to prevent ABANDONMENT of the above-identified application. Replies should be mailed to: Mail Stop Missing Parts, Commissioner for Patents, P.O. Box 1450, Alexandria VA 22313-1450.

The application is informal since it does not comply with the regulations for the reason(s) indicated below.

The required item(s) identified below must be timely submitted to avoid abandonment:

- Replacement drawings in compliance with 37 CFR 1.84 and 37 CFR 1.121 are required. The drawings submitted are not acceptable because:
 - The drawings have a line quality that is too light to be reproduced (weight of all lines and letters must be heavy enough to permit adequate reproduction) or text that is illegible (reference characters, sheet numbers, and view numbers must be plain and legible) see 37 CFR 1.84(l) and (p)(1)); See Figure(s) 13A-13D.

Items Required To Avoid Processing Delays:

The item(s) indicated below are also required and should be submitted with any reply to this notice to avoid further processing delays.

- A new oath or declaration, identifying this application number is required. The oath or declaration does not comply with 37 CFR 1.63 in that it:
- does not identify the citizenship of each inventor.

Formalities Letter. OC000000013425690*

Date Mailed: 08/03/2004

Dear Commissioner for patents:

Attached please find a copy of two different formalities letter I have received recently from your office and I believe there is probably some misunderstanding.

By means of the present letter I would like to clarify any possible error.

The following are the last confirmation letter I have received :

The first one is the confirmation no 4773; and it was mailed on 06/08/2004,
The second one is the confirmation no 4773 and it was mailed on 08/03/2004

Please note that in reference to the first confirmation it was answered on 7/12/2004. The answer letter was sent via express mail (label ER 790805224US) and it was confirmed the receipt by the USPS. I am enclosing a copy of said mail here (attachment one). Attached, please find a copy of the oath declaration in order to comply with 37 CFR 1.63 in that I do identify the citizenship of the inventor, who is American. I also submitted a new set of drawings including a line quality heavy enough to permit adequate reproduction. (Under 37 CFR 1.84 (I) and (p)(1)

Attached, please find another set of drawings in order to comply with the regulations as mentioned before.

Please note that the Filing receipt for this application has miss-spelled the title of the invention: instead of Animal powered electricity geneator, it should read" Animal Powered electricity Generator"

Attached, please find the following new oath declaration, identifying this application number as well as a oath declaration identify the citizenship of the inventor, just in case that you might need to substitute the original oath declaration in said patent that was filed by my attorney.
